

REPORT - 2023-24

The Department of Computer Science has taken the initiative to establish a Network Resource Centre (NRC) that facilitates staff and students to access and conduct research at Network Resource Centre.

The Activities conducted by the NRC are as follows:

- **Inauguration of Network Resource Centre on 6th November 2023:** On 6-11-2023, the NRC was successfully inaugurated and declared open for staff & students by our beloved Founder, Director and Correspondent, Dr. Philomena. The Network Resource Centre is equipped with 6 Wi-Fi enabled systems.
- **Workshop on WordPress:** The NRC organized a **WordPress workshop** for second-year B.Com students. The workshop provided students with hands-on training in website development using WordPress. After the workshop, students utilized the NRC to work on projects based on what they had learned. They applied their skills by developing websites using the NRC's resources
