

REPORT – 2023-2024

The Placement Cell of Villa Marie Degree College for Women has been actively engaging students through a series of meticulously planned events throughout the academic year 2023-24. The objective of these activities is to foster industry collaborations and ensure that students are placed in reputed companies, aligning with their educational aspirations and career goals.

Overview of Events organized by the Placement Cell:

The placement drive kicked off with student registrations on 20th September 2023, followed by several impactful events and collaborative partnerships:

- 1. Student Registration (20-09-2023):** A pivotal event that marked the beginning of student involvement in placement activities. This was facilitated through a well-organised Google link, ensuring a seamless registration process.
- 2. MOU with Storytech (15-11-2023):** This Memorandum of Understanding underscored a significant partnership aimed at bridging the gap between academia and industry, creating robust opportunities for students in technology sectors.

Student Registration and Placement Summary:

The top recruiters included Synchrony, Deloitte, We Make Scholars, Sutherland, Kodem Legal Technologies, Tech Mahindra, and ICICI Bank among others. Notably, Ranstad's recruitment process is still ongoing, with more potential placements in the pipeline.

This year's placement drive reflects the college's steadfast commitment to preparing students for the professional world by fostering strong industry connections, organising comprehensive events, and providing career guidance.

A thorough record of student participation and selection was maintained across various departments. A total of 150 students registered for placement, out of which 74 were successfully placed in distinguished organizations. The department-wise breakdown includes:
