

REPORT -2023-2024

During the Academic Year 2023-2024, the Sci Zone Club of the Department of Mathematics and Statistics organized two impactful events aimed at promoting mental health awareness and community spirit among students.

- **Life Support and Resilience Day:** On September 9, 2023, Life Support and Resilience Day focused on suicide prevention, engaging 19 participants from BSc 1st, 2nd, and 3rd years to recognize the importance of mental health and resilience.
- **FRIENDTASTIC - Instagram Story Competition:** This Competition conducted on August 2nd, 2023, encouraged all degree students to creatively express the theme of friendship through Instagram stories, attracting 27 participants.

Together, these events reflect the Club's commitment to fostering emotional well-being and meaningful connections among students.
